

## **Important Announcement**

### **Coronavirus – Update No. 7**

Erinvale Golf Club

Wednesday, 25 March 2020

Dear Members,

In response to several queries received following yesterday's Coronavirus update. I wish to confirm the following:

- The clubhouse, golf course, putting green & practice facilities will close today, Wednesday 25th March, 2020 at 18h00 until further notice.
- The nationwide lockdown enacted under the Disaster Management Act specifies; "Individuals will not be allowed to leave their homes except under strictly controlled circumstances, such as to seek medical care, buy food, medicine and other supplies".
- However, if you should decide to leave your home on Erinvale Estate, which is entirely your own decision, you are allowed to walk on the golf cart paths.
- The golf club has applied for a permit to allow a skeleton team to carry out essential maintenance. To protect our huge investment in the greens they need to be irrigated and cut on a regular basis.
- During the lockdown we need you to be our eyes and ears. If you see an irrigation pipe burst or any out of the ordinary situation that may require urgent attention please contact Paul Jacobs or the security team on (021) 847 1313 or (021) 847 1220.

Thank you for your co-operation. Stay healthy and safe.

Your Sincerely,  
Frank Mc Donogh  
President - Erinvale Golf Club
